

*Professional Engineering, Owner's Representation,  
Program Management, And Construction Management Services*

## Firm Overview:

GMA Engineering is a WBE/DBE-certified firm that provides program management / construction management, owner's representation, and structural engineering consulting services. We specialize in horizontal infrastructure including bridge, tunnel, rail, marine, walls, and other structures. We are known for our attention to detail and providing technical solutions for our clients' diverse needs. Our projects range from small studies to some of the largest design-build mega-projects. GMA employs professional, technical, and creative personnel. GMA is based in New York City and is authorized to provide engineering services in New York, New Jersey, and Georgia.

## Core Competencies:
